

# AGE REJUVENATOR™

*The Anti-Aging Beauty Formula*

## **The Aging of Skin**

Our genes, lifestyle, and diet play an important role on how our skin ages, but what is most important is how our environments affect our skin. Our environment is filled with harmful external factors such as free radicals that accelerate the aging process. AGE REJUVENATOR™ is the powerful solution to prevent, reverse, and take control.

## **Product Overview**

AGE REJUVENATOR™ is the newest product in NEFFUL's NEWELL Nutritional Supplement line with a formula unlike any other in the world. Specialized with verified high-quality super antioxidant ingredients that have been backed by clinical studies and proven effective to combat the accelerations of aging for younger, beautiful, healthy skin.

AGE REJUVENATOR™ is known to be an all-in-one body beautifying formula with specialized anti-aging trademarked ingredients that restore, revitalize and REJUVENATE your skin's appearance.

- **A Formula for Anti-Aging**

By yielding your biological clock AGE REJUVENATOR™ rejuvenates your body's internal systems to control and reduce the visible signs and symptoms of aging from the inside out.\*

- **A Formula for Beauty**

Together each ingredient provides a full spectrum of oxidative stress counteraction and the superb nutrition to reduce inflammation allowing AGE REJUVENATOR™ to improve skin's resistance, elasticity, hydration, and circulation to beautify your appearance.\*

## **Benefits**

AGE REJUVENATOR'S™ individual trademarked ingredients offer many specialized benefits, but when combined in one exceptional formula, it is known as the super antioxidant dietary supplement. Here's why:

- Renews and repairs skin cells for a vibrant glow and healthy appearance\*
- Promotes collagen and elastin production for supple and firm skin\*
- Protects internal health by strengthening capillaries and blood vessels\*
- Improves skin cell function and removes the harmful presence of free radicals\*

# AGE REJUVENATOR™

*The Anti-Aging Beauty Formula*

## **The Secret to Ageless Beauty: Carefully Combined Trademarked Ingredients**

### **Pycnogenol®**

(Pic-noj-en-all) A powerful super antioxidant and anti-inflammatory originating from the bark of the maritime pine tree from the southwest coast of France. Pycnogenol stimulates the production of immune cells in the blood stream with the free radical fighting power of vitamin E, accelerating the microcirculation of tiny skin capillaries for better oxygen and hydration for healthy, younger looking skin.\*

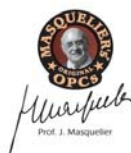

### **ResveraPure® Resveratrol**

Found in the skin of grapes used to make red wine, the polyphenolic compounds in Resveratrol act as powerful antioxidants to help relieve oxidative stress in vascular, cellular and metabolic systems to protect against uneven pigmentation, collagen degeneration and wrinkle formation. It also helps to protect the lining of blood vessels in your heart.\*

### **VitaBlue® Wild Blueberry Extract**

The Wild Blueberry Extract with its high antioxidant levels can help interior signs of premature aging such as memory loss, vision impairments, age-related decline in cognitive and neural functions, and promotes urinary tract health. It is a potent inhibitor of COX-2 enzymes which play a key role in the progression of age-related conditions.\*

### **Masquelier's® Original OPC'S**

(Oligomeric Proanthocyanidins) These OPC's are produced from the French Maritime Pine bark and Vitis vinifera seeds (grape seeds) that fight against premature aging and the degenerative processes by enhancing the ability of collagen to repair and protect itself. OPC's work as a co-factor of vitamin C to create and preserve collagen protein, strengthening resilience and elasticity in skin for a healthier appearance.\*

### **LeucoSelect® Phytosome®**

(Lu-co-select Fito-som) A premium and natural super antioxidant extract from grape seeds and soy beans that redirects the body's defense mechanisms to reduce oxidative stress. It targets vascular tissues, strengthening the skin's cell structure for younger looking skin. The soy increases bioavailability so the body can absorb the antioxidants more effectively.\*

### **Lyc-o-Mato® Lycopene**

The finest tomato extract available containing carotenoids from tomatoes to bring healthy coloring to skin and help shield skin from harmful sun damage. Not to replace sun block, Lyc-o-Mato builds a protective barrier around skin cells to block out UV radiation and free radicals. It maintains skin vibrancy and beauty and is a natural body energizer.\*
