

# September's NEW Products

We have new products this month upon popular demand and we would like to introduce 1471 Nefflon Home Socks and AC01 Nefflon Arm Covers. These products are made for a multitude of purposes, but what they both have in common is the fact that both products help to shield unwanted bacteria and germs from collecting on your body. Protect your feet while staying cozy at home and make sure to wear the Nefflon Arm Covers to protect against the sun's harmful rays.
